

RELIABLE. PROTECTIVE. & PROVEN.

When there is no room for compromise and you rely on your equipment to be as durable and dependable as you are. Count on PH&S Gloves to provide superior hand protection when you answer the call.

*"With the increase in fentanyl laced drugs hitting our area, I have switched to ResQ-Grip gloves almost exclusively since I don't want gloves tearing during vehicle searches."
Patrol Officer - Central Pennsylvania*

Glove on with PH&S Gloves.

PHS GLOVES
FEATURE

Exceptional Donning & Doffing and Force of Break

Emphasizing Safety and Protection.

PH&S Products, LLC is a leading supplier of high quality gloves for the First Responders, EMS, Law Enforcement and the Public Health & Safety Community. We manufacture and market gloves for the safety and personal protection of those who put themselves in harms way everyday. Striving to provide high quality medical grade gloves to withstand the pressure of this type of market, our glove line offers NFPA certified gloves and third party tested for hold out property for fentanyl and Heroin. We are committed to meeting our customer's requirements and will continue to improve our products, processes and service that our customers can depend on.
